The ideal choice for workgroups and departments with 15 or more users in businesses of all sizes from SMB through enterprise and public sector, who need to print a variety of business documents in colour and black only, including sales and marketing materials and large format documents like spreadsheets, posters and banners (320 x 915mm).

Be more productive with HP's highest performing and most versatile colour laser printer.
Print colour and black documents quickly at up to 41 ppm A4. Versatile media handling enables printing of large format jobs like spreadsheets, posters and banners (320x915mm), with support for up to SRA3 (up to 320x457mm) and weights from 64-220 gsm. Produce complex documents in-house using advanced paper handling options including a booklet finisher[1] and stapler/stacker[2]. Enjoy increased flexibility with automatic two-sided printing[3] and paper capacity expandable up to 2100 sheets[4].

Create high impact documents with excellent print quality and high gloss using HP ColorSphere toner.
HP ColorSphere Toner delivers brilliant colour, realistic photo quality and exceptional high gloss on a broad range of media for professional-looking marketing documents. Auto neutral calibration and improved media sensing ensure great results for demanding colour applications. Multiple imaging modes and HP ImageREt 4800 smoothly render complex imagery without sacrificing speed. Use the new 1200x600 dpi mode for detailed line work like cartography, CAD applications and architectural drawings.

Focus on your business with a colour printer that is exceptionally easy to install, use and manage.
Sharing is safe and reliable with embedded gigabit networking with IPv6 support and new security features. Enjoy easy and consistent set up and printing across a network with HP's new Universal Print Driver. Intelligence built into the Original HP LaserJet print cartridge enables print quality adjustments, automatic supplies alerts, and convenient online reordering[5]. Manage your fleet remotely with HP Web Jetadmin which also lets you control when and how colour is used in your workgroup.
